

CANCER TOUCHES EVERY LIFE.
IT AFFECTS THE BODY, THE MIND, AND THE SPIRIT.

THROUGH CANCER TREATMENT, THERE IS HOPE.
THROUGH CANCER SERVICES, THERE IS HELP.

While there are organizations that conduct cancer research or offer medical treatment, it is our goal to fill in the gaps by providing programs and services vital to those living with cancer.

To give online, visit www.cancerservices.org, or for more information on how you can make a difference, contact Mimi Riché at 225-927-2273 or mimi.riche@cancerservices.org

THROUGH CANCER TREATMENT,
THERE IS HOPE.

THROUGH CANCER SERVICES,
THERE IS HELP.

Serving the following Parishes in the Greater Baton Rouge Area:
Ascension, East Baton Rouge, East Feliciana, Iberville, Livingston, Pointe Coupee,
St. Helena, St. James, West Baton Rouge and West Feliciana

Since 1959, Cancer Services of Greater Baton Rouge has been an invaluable resource to our 10-parish service area, providing programs and services – free of charge – to those living with, through, and beyond cancer.

Even though we've grown in size and strength to meet the changing medical, financial, educational and emotional needs of patients and their families, and seen great strides in the detection and treatment of cancer...

Two things remain unchanged:

Others, depending on us.

And us, depending on you.

“YOU HAVE CANCER.”

This year alone, more than 3,000 people in the Baton Rouge area will hear these words.

This is in addition to the thousands of children and adults already living with cancer. For all of them, their families and friends, it's comforting to know there are services, programs, and people they can rely on at Cancer Services:

For nutrition and prescriptions.

For completing complicated forms and cutting through red tape.

For getting the medical supplies they need, and the medical supplies they didn't even know they needed.

For current information to empower them.

For support and counseling to encourage them.

For a quiet place to think and a shoulder to cry on.

We provide all of these things, and so much more, free of charge.

The population of our ten-parish area has quickly grown to numbers greater than ever. So our need for your help is now greater than ever. Until cancer is eliminated, that will not change.

OUR FUTURE IS YOUR PRESENT

We are the only community-based agency in our 10-parish area committed exclusively to improving the lives of people living with cancer.

And in order to keep our commitment, we need yours.

Every dollar raised here stays here; 100% of your investment in Cancer Services stays in our 10-parish area to support our many programs and services.

PLEASE GIVE

Every year, make a donation. Every day, make a difference.

We need you. Your annual gift will allow us to continue helping cancer patients and their families where they need help most.

When you give, you:

- Help patients afford required prescriptions vital to their recovery
- Navigate patients through complicated insurance and healthcare forms
- Nourish patients with liquid nutrition to offset the depletion of much-needed vitamins and nutrients
- Assist clients with transportation costs for medical appointments and treatment sessions
- Restore patients' self esteem through the gifts of wigs, hats and scarves
- Return patients to the comforts of home through loaned wheelchairs, hospital beds and other medical and post surgical supplies
- Comfort patients and caregivers, allowing them to share experiences, thoughts and feelings through support groups, counseling and visits with staff
- Distribute information and resources so that patients and their families have the most current information needed to make informed decisions regarding their treatment and health
- Give children living with cancer the opportunity to laugh, play, and forget about their illness

MAKE YOUR PLEDGE TODAY!

You will improve life, empower lives and make a difference for those living with cancer.

“During my treatment, Cancer Services was there when I needed them. Now I volunteer so I can help others.”

“I received help and supplies free of charge that saved my family from real financial trouble. I can't thank them enough.”
